

PSHE

Intent

PSHE is at the core of what we do at St Augustine's CE (VA) School as it enables our children to become independent, confident, healthy, and responsible members of the community. With the skills they learn in PSHE it will equip our children with what they need to excel in their later life. We are able to provide our children with a strong understanding of the diverse world around them and support them in playing a positive role in contributing to the school and the wider community. Weaving through the heart of our PSHE teaching, is a commitment to enhancing and promoting our core Christian Values; Thankfulness, Hope, Trust, Friendship, Forgiveness, and Koinonia.

Implementation

Jigsaw is implemented throughout the whole school during weekly whole class Jigsaw lessons. These focus on different topics each term. Jigsaw PSHE directs our aim on developing the "whole child" through a spiral curriculum approach to developing knowledge, skills and understanding in the areas of;

- Being Me in My World
- Celebrating Difference
- Dreams and Goals
- Healthy Me
- Relationships
- Changing Me

Our whole curriculum is shaped by our school vision which aims to enable all children, regardless of background, ability, additional needs, and to flourish to become the very best version of themselves they can possibly be. The scheme also supports the full British Values agenda.

We link PSHE to different areas of the curriculum through a variety of activities throughout the year including Children's Mental Health Week. We have a School Council that help to organise fundraising days in school for various charities such as Children In Need. We also hold weekly celebration assemblies to reinforce our values and give the opportunity to translate PSHE teaching into behaviours and attitudes not confined to the designated PSHE lesson. Children are rewarded with stickers to celebrate their success.

Intended Impact

When children leave St Augustine's CE (VA) School we aim for all children to have a ready willingness and ability to try new things, push themselves and persevere; To have a good understanding of how to stay safe, healthy and develop good relationships; To have an appreciation of what it means to be a positive member of a diverse, multicultural society; To have a strong self-awareness, interlinked with compassion of others.
